(c) [] (IN 29225)

25X1A

1. Reference (a) from []^{25X1A} requested that a team similar to the European Logistics Team be sent to perform the same function at NA stations. By reference (b), headquarters asked for additional information which was needed for determination of the qualifications of team personnel and the size, organization, and responsibility of the team. []^{25X1A} replied in reference (c) that one senior person would be required to implement, install, and instruct station personnel in logistics procedures, with emphasis on stock control and supply procedures. Three other logistics personnel already in the field would be detailed to form the balance of the team.

2. To meet the field request, this Office proposes to send []^{25X1A} Chief, Technical Review and Policy Staff, and []^{25X1A} Supply Control Staff, Supply Division, on IDY to the Far East on or about 15 May 1954. These individuals will furnish general and specific assistance in logistics activities at NA and certain SA stations.

3. The following schedule is proposed for []^{25X1A}

25X1A 4. [] will accompany [] to the extent considered advisable. 25X1A
but he will be available to participate with personnel assigned by SA/SA in de-
tailed assistance as required at specific stations.

5X1A 5. The SA stations to be visited are limited to [] 25X1A
[] because we do not consider the logistics activities
at other SA stations of such a nature to warrant visitation.

6. Your concurrence is requested.
